

Hi everyone, Doug and Freda would like to thank everyone for their beautiful gifts and cards. Very kind indeed.

We managed to have a nice day despite having to tone down the celebrations massively. They received messages from all over the UK and Germany and even HRH Queen Elizabeth didn't forget. Family sent video messages to Sharon and Madi made them into an amusing video for mum and dad to watch.

So sorry the party is not going ahead as planned tonight but we intend to hold it later in the Summer or Autumn as the country gets back to normality.

Please take care everyone in these uncertainly times, please stay healthy and well. Here are a few snapshots of mum and dads special day .x
